My Dear Folks: We are won-  
dering if the Duhl family  
have been in a auto wreck  
and broken all 3 ~~Left~~ Right  
Arms or some other dis-  
aster has overtaken them  
so none are able to write to  
us. Daddy is very much  
worried and of course I'm not  
pleased over the silence!  
I'm racing the postman its  
almost time for his call!  
Dad's out painting Deck &  
steps, thinks it may rain some  
day, just a sprinkle as far  
as he keeps busy tinkering be-  
tween naps. I'm slowly recov-  
ering from hand fall I had  
in my room Sept 2<sup>nd</sup>, just some  
nice bruises & had shake ups  
put me to bed for about wk.  
got off lucky, was alone at time.  
Having nice cool fall weather  
some in day 70 to 78 & at late  
evening is in 60s. Daddy & I do  
wish you were there too, my tough  
is gone again, thanks be to God  
How are all the Babies? good!
